

## Wiveton

Using only one ball these fingerless gloves are knitted in Debbie Bliss Rialto 4ply. Cabled ribbing keep the gloves snug at the wrists with a central stag's horn cable to admire along the back of the hand. The cables are quite stretchy so one size will fit most women.

### Finished measurements:

16 cm circumference, un-stretched across the palm and 20 cm long in 4ply yarn.

Stitch markers

Waste yarn

### You will need

Debbie Bliss Rialto 4ply (100% merino 50g = 180m) 1 ball in Teal.

### Tension

21 sts and 41 rounds = 10 cm measured over cable rib using the larger needles. When tension is mentioned I begin to look a little shifty. With a small project like theses gloves rather than knitting a separate tension square I start knitting the glove and try it on after a few inches to see if it fits. The cables are very stretchy.

### Needles

One set of 2.75mm double pointed needles
